Presentación Corporativa

FORWARD LOOKING STATEMENTS

This presentation contains certain information that could be considered forward-looking statements regarding anticipated future events and performance. The statements reflect management's current beliefs based on information currently available and are not guarantees of future performance and are based on our estimates and assumptions that are subject to risks and uncertainties, including those described in our Annual Report or 20-F, which could cause our actual results to differ materially from the forward-looking statements contained in this presentation.

Those risks and uncertainties include risks associated with the poultry industry and competition, shareholder liability, governmental regulations, and environmental matters and construction. As a result, there can be no assurance that actual results will be consistent with these forward-looking statements.

Except as required by applicable law, Industrias Bachoco, S.A.B. de C.V. undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

BUSINESS

LINES

7% EGG

CHICKEN 80%

6% FEED

7% OTHERS

- The Company produces and markets white and brown eggs, as well as other egg products like egg produced in cage free conditions.
- 70% of the Company's sales of egg are in package with brand identification, and the remaining 30% is sold in bulk.
 - Feed sales are made under the CAMPI brand, a subsidiary of the Company.
 - The feed is sold mainly in the South and Central Mexico and some exports to the Caribbean.
 - Feed sales include a wide range of categories: cattle , birds, swine, fish, etc.
 - We include here our Pet Food Business Line.

- The core business of the Company is chicken.
- The company produces and markets all different categories of chicken products such as: live chicken, whole chicken, cutup, partially or fully cooked, marinated or breaded among others.

- BACHOCO sells live swine, mainly to meat packers in Mexico.
- The Company participates in the turkey and beef value-added products. It does not raise either turkey or cattle; it only processes these products: burgers, nuggets, whole turkey, among many other products.
